He was found this morning hiding in the residence part of the jail and it is reported that the mob let him off on his promise to tell all he knows of the alleged assault.

Sheriff Fletcher and Guy Lyon were taken to Bowling Green at midnight. It is reported now that the case will be continued. It was to have been resumed today but the men were still at Bowling Green with the exception of Jim Lyon.

FUNERAL TOMORROW AT 5 P. M.

The Situation Improving.
Odessa, July 5.—The British steamer Cranley, which was brought into harbor Monday under the cover of the guns of torpedo boat destroyers, has been released. The general situation shows signs of gradual improvement. The removal of debris from the burned area has begun and general dock work and coasting service has been resumed. Strikers are returning to work. A large number of troops have been sent to summer quarters within easy reach of the city. The Odessa chamber of commerce has petitioned the ministry of finance to permit an extension of 14 days on notes falling due.

FUGITIVES FOUND

JIM FRIZZELL AND WOMAN SAID TO BE IN MISSOURI.

Telegram Announces They Are Under Arrest at East Prairie, Mo.—Detective Moore Leaves.

Detective T. J. Moore this morning received a telegram from Sheriff C. S. Bettfield, of East Prairie, Mo., announcing the arrest of Jim Frizzell and a woman and child. Detective Moore will leave tonight to bring them back.

Frizzell is the man alleged to have run away with T. C. Heard's wife, Heard is a farmer residing near Elva, Ky., a few miles south of Paducah on the N. C. & St. L. road, and Heard traced Frizzell and his wife to Paducah but lost them here. The woman took her six-year-old child with her and the father says he does not care for the woman, but wants his child. He procured funds and sent Detective Moore to Cairo to arrest them, but the officer found them gone upon reaching that city. He kept sending out cards and announcement of the facts and was rewarded this morning with news of Frizzell's arrest.

Detective Moore will leave tonight for East Prairie and will have the man and woman back in Paducah tomorrow if they will come without a requisition.

GOED BY COW.

Accident in Mechanicsburg Today Came Near Ending Fatally.

The two year old son of Mr. John Gathier, of Clements street, Mechanicsburg, had a narrow escape from being killed by a cow yesterday afternoon. The little fellow was standing in the yard when the cow made for him. His father was sitting on the porch, being crippled and not having walked since April, and jumping up ran out to save him, but was too late. The cow knocked him down and with her horn tore the clothing from his back, but inflicted no injury.

Find the boy fallen in adifferent position, however, even an inch or two, it would have meant fatal injury. Manager Thomas Roberts, of the Kentucky theater, today booked Sonja's band for March 23. Sonja has been here but once, and he then packed the Kentucky theater.

AFTER MANY DAYS.

Cleveland Edwards, white, was arrested this afternoon by Officers Hession and Dugan on a charge of robbery.

Edwards is charged with having entered the residence of J. W. Nall on November 5, 1904, and stolen a silver watch. The warrant was issued shortly after the robbery but Edwards escaped and the police had lost track of him until today when the officers learned he was in Paducah and set about to effect arrest.

THE LAST SAD RITES WERE SAID TODAY

Funeral of the Late Secretary of State Hay Unostentatious.

President Roosevelt and Nearly the Entire Government Witnessed Simple Ceremony.

TALK OF HAY'S SUCCESSOR

Christiana, July 5.—Norway is thoroughly aroused over the warlike tone of the news from Stockholm. While it is believed the action of Sweden in closing Stockholm, Karlskrona, Gothenburg and Finsund to foreign ships and the proposal to give the Swedish government a war credit of \$25,000,000 does not necessarily mean war. Norway will be found ready in case it does. Both her army and navy are in first class shape, and any aggressive move on the part of Sweden will be promptly met.

Mrs. Rabb died in failing health for sometime, and was recently in a critical condition at Chicago, but seemed to improve. She was taken to the springs with a hope of benefiting her condition but death at last claimed its own.

Mrs. Alexander Kirkland, daughter of the deceased, accompanied by Mr. Kirkland, was called to her bedside Monday evening.

Mrs. Rabb was born at Morganfield, Ky., 80 years ago. She was twice married, the first time to Mr. Von Trees and the second time to Mr. Gabe Rabb. Sometime before the war the family came to Paducah, and occupied the old Rabb property at Sixth and Broadway. Mr. Rabb was connected with the banking house of Watts, Glynn & Co., an institution with an international reputation and the Rabb family is one of the oldest and best in the state. About a year ago Mrs. Rabb went to Chicago to make her home with a daughter, Mrs. William Jones.

It was there that she was a few weeks ago so critically ill that the family was called to her bedside, but she rallied and was taken to Mineral Well Mound. Mrs. Rabb died about fourteen years ago.

Mrs. Rabb was a woman of much refinement and intellect. She was greatly loved for her kind, gentle ways, and Christian spirit, and her life had been a beautiful and a useful one, as well as a long one.

She is survived by the following children:

Mrs. Temple Von Trees and Mrs. J. A. Mackey, by her first marriage, and Mrs. Alexander Kirkland, of Paducah, and Mrs. William Jones, of Chicago, by her second. The late Mrs. Ed P. Noble was a daughter.

Mrs. Rabb died at the residence of Mrs. George Catlett, at Mineral Mound farm, overlooking the Cumberland river.

It will be a comfort to her friends to know that for last hours she spent in peaceful sleep.

The funeral will be held on Thursday afternoon at 5 o'clock from Grace Episcopal church and burial at Oak Grove. Services by Rev. D. C. Wright, pastor.

Her friends are cordially invited to attend the funeral services.

The pall bearers will be:

G. Hubbard, Hankin Kirkland, Hal Taylor, Museon Burnett, Dr. H. A. Hicks, Henry Hughes, H. G. Terrell, Wm. E. Cochran.

Cedar Bone Broken.

Jim Hill a well known resident of the Maxon's Mill vicinity who often comes to the city, yesterday had his collar bone broken by his mule running away as he started to get into his buggy in front of his house.

Sonja Is Hooked.

Manager Thomas Roberts, of the Kentucky theater, today booked Sonja's band for March 23. Sonja has been here but once, and he then packed the Kentucky theater.

Secretary Hay's Successor.

Washington, July 5.—If he can be induced to accept the place, Ethel Root, of New York, former secretary of war, will be successor of the late John Hay in the cabinet of President Roosevelt. This is the impression in Washington as a result of a telegram received by Acting Secretary of State Pierce from Secretary Loeb announcing that the president had designated Mr. Root as representative of the department of state in the funeral ceremony in Cleveland.

The old officers re-elected yesterday are:

D. E. Berry, of Covington, president of the state organization, was re-elected president.

William J. Peot, of Louisville, elected treasurer.

New officers elected are as follows:

N. T. Chisholm, of Lexington, vice-president.

I. S. Emmons, of Louisville, secretary.

Harry M. King, of Newport, sergeant-at-arms.

J. G. Card, of Paducah, delegate to national convention in Portland, Oregon.

IMPEACHMENT PAPERS

Papers of impeachment in the case of City Auditor Tom Evitts were completed today by attorneys and placed in the hands of Mayor D. A. Velsor, who will probably submit them to the board of aldermen tomorrow night.

The papers are simply formal charges against the city auditor, and the board of aldermen, after receiving the charges, will appoint a committee which will hear the evidence and make a report. The board will then accept or reject the report.

WELL CELEBRATED.

Thousands of People Visited Wallace Park Yesterday.

The Fourth of July seems to have been enjoyed in Paducah, as several thousand people went to Wallace park, and fifteen or twenty thousand rode on the street cars.

The park prizes were awarded as follows:

C. E. Zook, 123 North 13th street, razor for longest standing jump.

Wm. Bonner, 1910 Jefferson street, box of cigars for winning sack race.

Robert Lewis, bottle of Old Carter, wheelbarrow race.

The most popular young lady vote and guessing the number of beans in the bottle, will be decided today, as the count had not been finished last night.

The fireworks last night were good and the celebration at the park was successful in every way. It was late at night before everybody had returned to the city.

The case of perfume for guessing the number of beans in a bottle goes to Chester Overby, who guessed 1901, there being 1905.

The winners in the various shoots will be announced sometime today. Mose Snarr, of Paducah, is the only man to get straight. He killed every bird in the ten bird event, live birds, and broke every target in the clay pigeon events.

A LAST VISIT

BEING MADE BY MIL. E. J. KNICKERBOCKER, RECENTLY PROMOTED.

IS INTRODUCING HIS SUCCESSOR AND MEETING MANY OLD FRIENDS HERE.

THE PRESIDENT'S TRAIN.

Cleveland, O., July 5.—President Roosevelt's special train with practically the entire U. S. government aboard, made an uneventful run through Pennsylvania and Ohio last night, and arrived here this morning. Those accompanying the president were: Secretaries Shaw, Hitchcock, Metcalf and Bonaparte, Postmaster General Cortelyou, former Secretary of the Navy Morton, former Secretary of Treasury Gage, former Secretary of War Root, former Postmaster General Chas. Emory Smith, United States Senator Knox, Dr. P. M. Illy, Washington and Private Secretary Loeb. The distinguished party was driven immediately to the chamber of commerce to attend the funeral of Secretary Hay.

Accompanying him is also Mr. S. J. Cooke, general freight agent for the Chicago and Eastern Illinois. Mr. Knickerbocker has been coming to Paducah for many years, and has a host of friends here who will regret that his new headquarters in Chicago will probably prevent his coming to Paducah very often.

"I can say this, however," said Mr. Knickerbocker today, "I know of no city anywhere that I should rather visit than Paducah. I think you have one of the best towns in the United States. I like it, and the most delightful people I ever met are in Paducah."

Mr. Kummer, who succeeds Mr. Knickerbocker in this territory, has already made a large number of friends in Paducah, and will come here regularly.

Mr. Cook is one of the most prominent freight agents in this section of the country, and is well pleased with Paducah.

The visit of these officials may be significant in another way, as there has been talk for several months of the C. and E. L. building through Paducah. The gentlemen, however, know nothing of the plans of the roads.

FIRE IN RUSSELLVILLE.

Report Received That There Is a Destructive Blaze in Progress.

A long distance phone message received this afternoon from Russellville, Ky., stated that a destructive fire was raging there, and that it was doubtful when it would be under control. No definite information could be secured except that it was a big fire, and it was feared much of the town would be burned.

Supervisors Meet Monday.

The board of city supervisors did not meet this morning, the meeting being postponed until Monday. The board meets to assess banks and make a few corrections in assessments.

Gen. Harry Leaves.

General Harry Indiana left yesterday for Frankfort, but will probably be back before the encampment begins.

The second game told on the strength of the pitchers, both pitchers showing up weak, as can readily be seen in the strike-out and hit column. Bonmar seemed to have the little the worst of the argument, being beaten out for a home run, a triple, a double or two, and a few singles.

In the eighth McClain hit for four sacks. Gilligan popped out to Henderson, Hohmann tripped to center field and scored on Taylor's flyout to Brady. Perry retired the side with a grounder from McAndrews to Meyers.

EX-CONVICT SHOT AT CENTRAL CITY WHILE RESISTING ARREST.

REV. H. R. BERRY DIES AT SULPHUR SPRINGS.

Made a Gun Play and Was Promptly Shot Through the Heart.

Was Formerly Pastor of the Tenth Street Christian Church Here.

New has reached the city of the shooting of Wil Kinley by Town Marshal J. D. Langley, of Central City. Kinley was a negro and made an assault on his father and mother on Sunday. He was near the depot in Central City when the marshal approached and told him to surrender.

The negro dropped an ax he was holding and threw his hand to his back pocket. The marshal pulled his pistol and fired one shot. The bullet took effect in the negro's heart and he died instantly. It is not thought that the marshal will be placed under arrest.

Kinley had a bad record. He was about twenty-five years of age, but had served in the penitentiary for murder.

Set for the Sale of the Independent Telephone Company's Plant.

Attorney E. W. Bagby, who has been appointed by Judge Evans a special commissioner to sell the plant of the People's Independent Telephone company here, stated today that the published statements that the plant would be sold August 12 was a mistake. The sale of the plant is left entirely to the commissioner and Mr. Bagby states he has not decided when he will sell it.

The sale is a mere formality necessary before the plant can be legally turned over to the new company, Paducah Home Telephone Co., organized to take it over.

Hopelessly Drunk.

Louisville, Ky., July 5.—When William Conrad, the Louisville barber who disappeared June 16, was found in Cincinnati by a policeman hopelessly drunk in the street, he had \$1,342.68 on him. Conrad had sold his barber shop and wandered away with all he possessed.

Warehouse Destroyed.

Frankfort, Ky., July 5.—Fire destroyed the large broomstraw warehouse owned by the Mason Feed company. The building was located behind the lumber yards of the chair company, adjacent and east of the Kentucky penitentiary, containing a loss of \$1,000 or \$2,000, covered by insurance.

Order Approved.

Louisville, Ky., July 5.—Judge Evans in the United States court approved the order of composition of Referee Joseph L. Landes in the case of Alfred G. Hawking, a bankrupt merchant of Hopkinsville. Hawking owned \$7,612.98, and will pay 50 cents on the dollar. His creditors live in Hopkinsville and Seabree, Ky., and eleven, representing the majority and the largest indebtedness, have agreed to the settlement.

A \$100,000 Gift.

Louisville, Ky., July 5.—It is the intention of the executive committee on Ministerial Education and Relief of the Southern Presbyterian church to make the \$100,000 gift of the Atlanta man announced yesterday the nucleus of an endowment fund of a quarter of a million for ministerial relief. Rev. H. H. Sweet, secretary of the committee, said today that the committee has had for a long time \$25,000 intended for this purpose, and that since the donation of \$100,000 was received several large contributions have been sent in. He is hopeful that the \$100,000 required by the new gift will be raised before long. The name of the donor is withheld for the present.

Following Faithless Husband.

Louisville, Ky., July 5.—Mrs. Rebecca Rossmer came all the way from Kief, Russia, to the office of the clerk of the city court in the city hall at Louisville to swear out a

warrant for her faithless husband, Mendel Rossmer. According to Mrs. Rossmer, she is the daughter of Joseph Romella, a wealthy resident of Kief. Rossmer, who was a poor boy, won her, and eight months ago they were married in Kief. Prospects not being bright in Russia, Father Romella gave his son-in-law a good sum of money and sent him to America to establish a home. His wife was to follow as soon as he had located. Instead, says Mrs. Rossmer, he came to Louisville, fell in love with somebody else and wrote her that she need not follow, as he intended to get a divorce and she could marry some one else in Russia. Father Romella gave his daughter money with which to come to the result, and she proposes to hold Rossmer to strict account.

His creditors live in Hopkinsville and Sebree, Ky., and eleven, representing the majority and the largest indebtedness, have agreed to the settlement.

A few months ago he was taken ill of stomach trouble and went to Sulphur Springs, near his birthplace, but did not seem to improve. Daily Thought.

The best and richest treasure of a city is that it has many pure, learned, intelligent, honest, well-educated citizens; for these can collect, preserve and properly use whatever is good,—rather,

Public improvements are always to be commended, but when our law-makers undertake to make the property owners on some streets pay for something for which the city itself paid on other streets, even the most public-spirited become disgusted. Before the mayor, the board of works and the members of the general council say to the property owners on Jefferson, Kentucky and other streets that they must pay the cost of constructing surface or storm water sewerage, they should collect from property owners the proper proportion of the cost of the storm water sewers that were built on Broadway from Fifth to Ninth, and on Second, Third, Fourth and Fifth streets, all the cost of which the city has paid. This would give the city several thousand dollars more to spend for street improvements, and at the same time show the people along the line of these new improvements that no discrimination is intended.

Looking for Runaway Girls. Two negro girls about 12 and 13 years of age respectively came to Paducah last night about 8 o'clock over the N. C. & St. L. road, having run away from parents and friends in Jackson, Tenn., and the police are out looking for them today.

ing the horse to start to run away. Some of these men play about like a lot of overgrown boys, and the street and sidewalks are no place for it.

The Ohio Republicans allowed only one name to go before their convention for each office and got through—speeches, platform, nominations and all—in one hour and thirty-eight minutes. Ohio Democrats had half a dozen candidates for each office, and took two days and one night to get through. In one instance the bosses controlled the convention, and in the other the delegates controlled. Just the difference between Republicanism and Democracy.—Owensboro Messenger. The great difference, however, the Messenger neglected to state, will be between the vast vote polled by the Republicans and the very small one of the Democrats.

Frankfort now has a real daily newspaper in the State Journal, and it is certain that at least a part of its brightness may be credited to our popular fellow citizen, Col. Edward O. Leigh, who is a thorough newspaper man as well as a universally popular fellow. It is to be hoped that Frankfort will appreciate a live newspaper enough to enable its publishers to keep up the pace they have set.

Governor Beekham's visits to Paducah next month should greatly enliven local society. It will be the most Paducah ever had of the governor,—six or perhaps a few days,—and it is to be hoped and expected that he will receive such courtesy and hospitality that he will not want to return to Frankfort.

Friday is to be "haagman's day" in Kentucky, both Owensboro and Hopkinsville having legal executions set for that day. Kentucky is doing well. All the hangings nowadays are legal and lynchings are seldom heard of. It is a state of affairs on which to congratulate ourselves.

The report from the canal zone states that there were but twenty-three cases of yellow fever and two deaths from it in June, but this will probably not make the people any more willing to reside in Panama. Might as well have it as to be afraid to death of catching it.

It is reported that Hon. Elihu Root may be offered the secretaryship left vacant by the death of Secretary John Hay. He is one of our bravest men, and this important position could not be placed in better or safer hands.

Japan is probably more nations for peace than generally believed, as indicated by the fact that there is very little land fighting, where there could be a great deal. Modern war is by no means pleasant for even the victor.

Japan is reported to be after a new loan of \$150,000,000. Why not wait until the indemnity is decided on, and let Russia do the borrowing?

We seem to have had a pretty "safe and sane" Fourth, comparatively speaking, at least.

WATER NOTICE.

Patrons of the water company should remember that their rents expired June 30. Those who desire to renew them should do so before it is forgotten, as all premises not paid on or before the tenth of July will be shut off.

Looking for Runaway Girls.

IN THE COURTS

County Attorney Eugene Graves has returned to the city after a several weeks' visit in Crittenden county. His office was filled during his absence by Attorney D. A. Cross.

Editor-Police Captain Close. The case against Police Captain Joe Woods for forcibly electing Editor Paul Brownlow from his office in the city hall Saturday night which was set down for trial in Justice Jesse Young's court this morning, was continued over until this afternoon at 3 o'clock for the convenience of County Attorney Eugene Graves, who was busy in police court this morning.

Deeds.

Philip B. Johnston deeds to J. L. Bethshires, for \$1,050, property on South Third street.

D. T. Stuart and others deed to H. P. Sights and wife, for \$1,100, property in the Fountain park addition.

To File War Chancery.

County Judge R. T. Lightfoot is preparing to file several claims with the government at Washington for draft money paid by persons drafted during the civil war and who paid \$200 for a substitute.

By a recent act of congress it was ordered that all persons holding receipts for such sum could by employing an attorney and in regular legal form secure the return of the money paid in. Several dozen persons holding receipts reside in McCracken county and Judge Lightfoot has seven or eight claims to collect.

Attorneys Hagby and Martin and Taylor and Lucas also have many similar claims to collect.

POLICE COURT

WOOD JONES AND JIM TAYLOR HELD OVER.

A Large Number of Minor Cases Disposed of by Judge Sanders This Morning.

Judge D. L. Saunders held a busy session of police court this morning, not finishing business until noon.

There were three felony cases on the docket. That against James Taylor and Woods Jones for robbery; Walter Lewis and Douglas Minor for mulicious cutting and Abe Doyle for obtaining money by false pretenses.

Taylor and Jones are white boys and were charged with robbing R. L. Sanderson, of Hoaz Station, of \$1 and some small change near Sixth and Kentucky avenue several nights ago. The testimony was short and resulted in the two being held over. Judge Sanders recognized them, however, for their appearance in circuit court.

Abe Doyle, colored, was charged with stealing a shirt waist from his wife and selling it for 40 cents. The two have been living together and if the evidence proves they are really married, the warrant will have to be dismissed because a man's wife can not appear against him in court. If on the contrary it develops that they are not married, it is possible a warrant for immorality will be taken out. The case was continued.

Walter Lewis and Douglas Pryor, colored, who eat each other several times in a fight several days ago, were held over but recognized for their appearance.

Other cases were: George Hernhard, breach of ordinance, three cases, continued; Harry Cunningham and Jack Coulson, breach of ordinance, continued; Charles Kilgore, colored, breach of the peace, \$10 and costs; Harry Connors, white, vagrancy, held to the circuit court; Annie Copeland, white, drunk and disorderly, \$10 and costs; R. L. Barnett, white, presenting a pistol and carrying a concealed weapon, continued.

A \$300 Fine.

And forty-nine other valuable premiums to be given away tomorrow at 8 a.m. Customers holding tickets please be on hand at the Paducah Book Store.

SENATOR CAMPBELL HAS 'EM GUESSING

Says He is for Whomever His District Favors.

He Was First Reported for Paynter Then for Blackburn—He Is Not in Doubt.

MUCH INTEREST BEING TAKEN

State Senator J. Wheeler Campbell seems to have them guessing on the United States senatorial question, as he has been quoted as being for both Blackburn and Paynter.

"I have given out or authorized no statement or interview," declared Senator Campbell today, "on this subject, and do not intend to announce whom I shall support because I do not know at present. I shall vote for whichever candidate the people of my district are for."

It was first announced and not denied that Senator Campbell was for Judge Paynter, as Senator Campbell is an organization man, and the state organization is for Judge Paynter.

A few days ago Senator Jo Blackburn came down and after remaining two days and holding numerous conferences, it was stated that Senator Campbell had announced for Blackburn, and pledged the senator his vote. The story was published in the Louisville papers, and not denied for a day or two.

One of Blackburn's friends here said that in return for Senator Campbell's promised support the Blackburn men had agreed to give him no opposition. He said that they made it plain to Senator Campbell that it was a case of either for Blackburn or get beat, and Senator Campbell willed.

There seems to be some mistake about that part of it, however. A dispatch from Frankfort to yesterday's Courier-Journal says that Senator Campbell in a message to friends there, repudiated the statements that he was for Blackburn, and declared that he had not pledged his support to Senator Blackburn nor to anyone else in the senatorial race, that he was free to vote for whom he pleased or to carry out the wishes of his constituents as expressed to him in an intelligent manner. He said he had nothing to do with Mr. Hay's withdrawal, but was gratified that he was to have no opposition.

Following this came a special from Paducah saying that Mr. Campbell said he would vote for whomever his constituents want, and yesterday's Frankfort Journal, the machine official organ, says:

"Senator Campbell, in a conversation with friends in Frankfort, said that this statement was unauthorized and untrue, and that he had not pledged his support in the United States senatorial race to Senator Blackburn. He said he stood in the same attitude as he had always stood; that he was not pledged in this race and if unselected would vote as he considered best."

Senator Campbell today himself says that he is for the man his district wants, but does not explain how he proposes to find out which of the candidates is preferred.

There is now talk of other candidates entering the primary race, as neither side seems to be exactly at ease over Senator Campbell's present attitude.

Union Caulkers Working for Only One Local Concern.

There is practically no change in the caulkers' strike here, Supt. Taylor being the only man to sign up on the agreement with the caulkers.

The Finney docks and the Marine Ways company have both declared open shop and will employ either union or nonunion men. The ways is pulling out two barges today and Capt. Williams, the superintendent, says he will have men here to work on them if the union caulkers do not come back.

It is predicted by some that the caulkers will lose out unless the carpenters go out with them, and at present the carpenters are still at work and apparently satisfied.

Some of the caulkers formerly employed where open shop has been declared since they refused to return to work, are preparing to leave. It is said that five will go to New Orleans, five to Vicksburg, five to Elizabeth, N. J., and four to Memphis within the week.

COST JUST \$6

FOR FAILING TO STOP A STREET CAR FOR A PASSENGER.

Conductor Said Car Couldn't Have Been Stopped Within Half a Block.

It cost the Paducah City Railway company just \$5 for failing to stop a car for a passenger who signalled the car, and whose signal was observed by the conductor. The case was today tried in the police court.

The warrant was issued several days ago at the instance of Mr. James E. Wilhelm, of the Register Publishing company, who alleged that the motorman and conductor on car No. 103 failed to stop the car when it signalled it at Fourth and Jefferson streets.

The evidence developed the fact that the conductor was the only one who saw Mr. Wilhelm, and when he did he failed to ring down the motor-man because he "did not think at the speed the car was going that a stop could be made before the car reached the middle of the block."

The conductor stated that he signalled to come to Broadway, but that the passenger failed to follow the car. He said the car was going about fifteen miles an hour.

Attorney John K. Hendricks represented the prosecution and Attorney W. A. Berry the defense. Short speeches were made and at the conclusion the court fined the company \$5 and costs, stating that according to the evidence the car was running in excess of the speed limit, and moreover that the car was signalled at a street corner and an attempt should have been made to stop it.

This is the first time, it is alleged, that the car company has ever been fined for failing to stop for passengers.

FAMILY CARES.

This Information May Be of Value to Many a Mother in Paducah.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and her home happier.

T. G. Elder, of 1801 Monroe street, carpenter at the Illinois Central railroad, says: "A friend of mine who had procured Doan's Kidney Pills at Dallas, Kelly & Co.'s drug store and used them in his family recommended them so highly that I gave a little girl of ours, 10 years of age, a course of the treatment. We had given her so much medicine for kidney weakness that she absolutely refused to take anything, but finally coaxing succeeded. Before she completed the use of two boxes we stopped giving her the remedy because she no longer required it."

was three times repeated. It was certainly some appalled to "Elise." In this way I had got my L, S and T. But what would it be? There were only four letters in the word which preceded "Elise," and it ended to L. Surely the word must be "TOME." I tried all other four letters ending in L, but could find none to fit the case. So now I was in possession of C, O and M, and I was in a position to attack the first message once more, dividing it into words and putting dots for each symbol which was still unknown. So treated it worked out in this fashion:

M. ERE . . . E ST., NC.

"Now, the first letter can only be A, which is a most useful discovery, since it occurs no fewer than three times in this short sentence, and the H is also apparent in the second word. Now it becomes

AM ERGE A. E SLANE.

Or, glancing in the obvious vacuums in the name,

AM ERGE ARE SLANE.

I had so many letters now that I could proceed with considerable confidence to the second message, which worked out in this fashion:

A. CLRI. ES

Here I could only make sense by putting T and G for the missing letters and supposing that the name was that of some house or inn at which the writer was staying.

Inspector Martin and I had listened with the utmost interest to the full and clear account of how my friend had produced results which had led to so complete a command over our difficulties.

"What did you do then, sir?" asked the Inspector.

"I had every reason to suppose that this Abe Slaney was an American, since Abe is an American contraction and since a letter from America had been the starting point of all the trouble. I had also every cause to think that there was some criminal secret in the matter. The lady's admissions to her past and her refusal to take her husband into her confidence both pointed in that direction. I therefore cabled my friend, Wilson Hargrave of the New York police bureau, who has more than once made use of my knowledge of London crime. I asked him whether the name of Abe Slaney was known to him. Here is the reply: 'The most dangerous crook in Chicago.' On the very evening upon which I had bid answer Hilton Cubitt sent me the last message from Slaney. Working with known letters, it took this form:

ELSL. ETC. AGE TO MEET THE GO. The addition of a P and a D completed a message which showed me that the

crook was proceeding from persigion to threats, and my knowledge of the crooks of Chicago prepared me to find that he might very rapidly put his words into actions. I at once came to Norfolk with my friend and colleague, Mr. Watson, but, unhappily, only in time to find that the worst had already occurred."

"It is a privilege to be associated with you in the handling of a case," said the Inspector warmly. "You will excuse me, however, if I speak frankly to you. You are only answerable to yourself, but I have to answer to my superiors. If this Abe Slaney, living at Elbridge's, is indeed the murderer, and if he has made his escape while I am seated here I should certainly get into serious trouble."

"You need not be uneasy. He will not try to escape."

"How do you know?"

"To fly would be a confession of guilt."

"Then let us go to arrest him."

"I expect him here every instant."

"But why should he come?"

"Because I have written and asked him."

"This is incredible, Mr. Holmes!"

Why should he come because you have asked him? Would not such a request rather rouse his suspicion and cause him to fly?"

"I think I have known how to frame the letter," said Sherlock Holmes. "In fact, if I am not very much mistaken, here is the gentleman himself coming up the drive."

A man was striding up the path which led to the door. He was a tall, handsome, swarthy fellow, clad in a suit of gray flannel, with a pugnacious, a blustering black beard and a great, aggressive hooked nose, and swagging up the path as if the place belonged to him, and we heard his loud, confident peal at the bell.

"I think, gentlemen," said Holmes quietly, "that we had best take up our position behind the door. Every precaution is necessary when dealing with such a fellow. You will need your handcuffs, inspector. You may leave the talking to me."

We waited in silence for a minute.

one of those minutes which one can never forget. Then the door opened and the man stepped in. In an instant Holmes clapped a pistol to his head, and Martin slipped the handcuffs over his wrists. It was all done so swiftly and deftly that the fellow was helpless before he knew that he was arrested. He glared from one to the other of us with a pair of blazing black eyes. Then he burst into a bitter laugh.

"Well, gentlemen, you have the drop on me this time. I spent to have knock up against something hard. But I come here in answer to a letter from Mrs. Hilton Cubitt. Don't tell me that she is in this! Don't tell me that she helped to set a trap for me!"

A BAD MAN

SHOT WIFE, BROTHER-IN-LAW AND POLICEMAN.

Is a Stonemason and Formerly Resided at Fulton, Ky., He Says.

Cincinnati, July 5.—Angered by cause of the refusal of his wife to let him have some cartridges with which she believed he meant to do some harm, William Gander, a stonemason, aged 47 years, shot his wife at their home, also his brother-in-law, William Applegate, who lived next door, Perry Smith, of Dayton, Ohio, who is visiting the Ganders, and later in a running battle with the police shot Patrolman Frederick Worth.

Mrs. Gander is the most seriously injured, but it is thought that she will recover. In the battle with the police fully 25 shots were fired, the patrolmen using their revolvers and Gander double-barrel shotgun. The police exhausted all of their ammunition and Gander escaped late the Linwood hills, which are densely wooded, and secreted himself there, defying arrest.

Chief of Police Mihkien and a squad of police have the woods surrounded and expect to capture him. Gander has a shotgun, two revolvers and a large store of ammunition and his wife says he will not be taken alive. Gander formerly lived at Fulton, Ky.

STOP HAY FEVER
AND ASTHMA ATTACKS.

Thousands of Sufferers Testify to Ascertained's Astonishing Cures.

New York, July 4.—An innovation has recently been made in America that entirely supersedes the time-worn practice of using "smokes" and other inhalations for the treatment of asthma and hay fever.

The vast army who make annual pilgrimages to the mountains or seashore, will be delighted to learn of this importation. Its results in asthma are marvelous. Ascertained's wonderful American drug, is taken in 5 drop doses. It is a positive preventive of hay fever in any climate, if taken now and continued until frost.

By special arrangement a test treatment can be obtained by mail free of any charges, by writing to the Austrian Dispensary, 22 West 25th street, New York City.

LOOKING FOR WIFE.

Kentuckian Besides Oute in Quest of Family.

Calvo, Ill., July 5. John Hayes, of Carlyle Ky., was in the city yesterday looking for his wife, whom after eighteen years of married life deserted him and her two children one day last week had come to Calvo with a man named Birney.

The husband is heartbroken over his wife's unfaithfulness and his story is a pathetic one. He said that he has always worked hard to provide for his family and had recently purchased a home in Carlyle.

He told how his children had put their arms around their mother's neck and begged her not to run off with the other man.

The police have been trying to locate the couple, but as yet have no trace of them. The husband says that he thinks that he can induce his wife to return home for their children's sake.

BETWEEN SEASONS...

THESE are the days of reorganization of house-furnishing stocks. The spring buying is over and many folks are leaving for the summer. July particularly is apt to be quiet in business circles.

So, then, we've arranged so there will be no quiet July for THIS store. Listen:

In order that our volume of business for July be as great as the average for other months, in order that our working force may be just as busy as during the other months, we will during July make most unusual price inducements. We won't cut our profit out entirely, but will share it with you; and you can rest assured that prices will be just as low as conservative merchandising will permit.

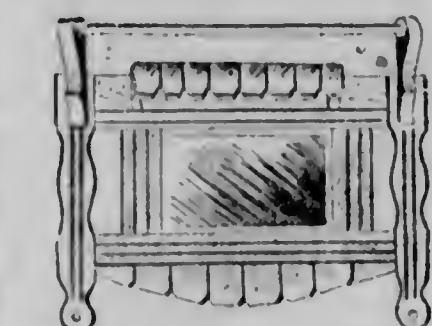

Of course, lines will be broken in short order in a trade move like this, so we suggest that you call early while choosing is good.

You can get some idea of the money-saving chances by reading carefully the detail matter on this page.
